

TO THE UNION FOR REFORM JUDAISM: FREEDOM IS WORTH FIGHTING FOR

The recent statement by the Union for Reform Judaism saying American Jews oppose the President on Iraq is misleading and wrong.

We support the President and the War on Terrorism. We stand behind our troops and their mission of creating a safe, democratic Iraq. This mission is vital not only for the continuing fight against terrorism and the stability of the Middle East, but also for making the world a safer place for our children.
